### **From “The East”**

To Freemasons, the lodge is a magical place. It provides a safe haven amid trusting brethren bound together by common goals and interests in making the world a better place. The inner workings of a lodge are similar to that of most organizations. They have officers and assigned duties, and carry out meetings in typical fashion, but it is the symbolism and tradition of our lodge that is most fascinating. Brothers, attending lodge is a privilege of fellowship that few others get to enjoy the way we do. See you in lodge

### **From the Temple Board:**

We served 67 people at breakfast Memorial weekend Saturday. For those Brothers who made it their priority to come down and help we thank you. We were kept busy while enjoying the warm weather and great fellowship.

### **Highlights of the “Stated”:**

Petition for the Degrees of Masonry was read from Mr. Paul D. Pelroy of Coupeville.

Petition for Plural Membership was read from W/B Dale K. Thayer of Oak Harbor

Petition for affiliation was read from Bro. Joel A. Aparicio of Oak Harbor.

No old or new business was presented..
